

TRK-2458

For 2.4 GHz Only

Non-Portable RF Sender/Receiver Kit

Feature

AV wire facility become wireless when work in conjunction with Wireless A/V Transmitter & Receiver Kit

Brilliant looking & Rugged design made by Mag-Aluminum alloy housing, compact enough to carry & great solution for heat sink

Special design TX & RX work to each other seamlessly /w long duration & better stability

Common RCA AV connector applied on both transmitter & receiver for instant installation & friendly use

Operated by power/charge LED & low-batt. indication alert while along with the easy CH-Dip-Switch via equipped sticker tool

Specification

Tranmitter

Item Number	TXD-2405
Frequency Band	2.4 GHz
Available Channel	8 CH's
Output Power	500 mW
Video Input	1 Vp-p
Audio Input	1 Vp-p
Consumption Current	200~350 mA
Weight	80 g
Dimension	110x60x22 mm

Receiver

Item Number	RXD-2480
Frequency Band	2.4 GHz
Available Channel	8 CH's
Reception Sensitivity	-87 dbm
Video Output	0.8~1.2 Vp-p
Audio Output	1.6~2.4 Vp-p
Consumption Current	150 mA
Weight	80 g
Dimension	110x60x22 mm
